Personal

Following-up on our discussion earlier today, attached is the proposed data reporting template that the Department has developed. Our ask would be for the CCUA to ask its members to use best efforts in providing the data requested on a daily basis.

Happy to discuss further when we connect again this afternoon.

Regards,
Julien

Subject: RE: Connecting on Emergency Measures

Thanks again for this Julien and team. Would you have 15 or 20 to touch base later today with me and some of my executive colleagues just so we can be sure to be on the same page ahead of tomorrow's session? Shouldn't take any longer than that. I know things are busy.

Hi Personal

Hope all is well. I'm following up on a voicemail I left yesterday. With the government's announcement of the Emergency Measures Order, we were hoping to connect with the CCUA and its members to provide an overview of the financial sector related measures and answer any questions you and your members may have.

Would it be possible to schedule a call with the CCUA and its members within the next couple of days in this regard? If you can let us know if there is a time that is most convenient for you, we can send you an MS Teams invite that you can circulate to your members as you deem appropriate.

In addition, it would be great to touch base bilaterally at your convenience as we are hoping to get some aggregated data points in terms of accounts frozen and the overall value of those accounts from the various financial service providers that are subject to the Order. Could you let me know if there is a time today that works on your end for us to connect?

Many thanks,
Julien
